## DESCRIPTION

### ABOUT KANDO85

Kando85 is a 25.7 meters new-build Explorer yacht, scheduled for delivery in 2025. Constructed by AvA Yachts in Turkey, Kando85 is designed as a full displacement world cruiser, capable of enduring long voyages and extended periods at sea.

AvA Yachts

Her robust build includes a steel hull and an aluminium superstructure. The Kando85 features a four stateroom layout with a main deck forward master suite, offering spacious accommodation within her 200 GT volume.

Kando85's aft deck is equipped with a spacious swimming platform, built-in seating around a dining table, while the salon includes a lounge and a dining area. Forward to starboard, there is a day head and the full beam main deck master suite with panoramic windows, a desk, and a bathroom. The enclosed galley is accessible from the port side.

A staircase from the main lobby leads to lower deck, which houses two crew cabins, a head, and a crew mess/galley. The main accommodation area on board Kando85 includes a full beam VIP cabin, and two twin cabins to starboard and port side that can convert to a double.

The upper deck features a centerline helm in the wheelhouse, built-in seating on both sides, and a day head aft to port. Outside, there is a bar with three bar stools, a davit, and ample spaces for an owner-supplied tender. A gently sloped stainless ladder connects to the aft deck. The foredeck area includes a Jacuzzi, ideal for relaxation. The Kando85's flybridge is equipped with a sunbathing area, a grill, a bar, and spacious seating.

Powered by twin Volvo Penta engines, Kando85 achieves a cruising speed of 7-9 knots and a top speed of 11 knots, with a range of 6700 nautical miles at 8 knots. Kando85 is built with 8-10mm thick underwater steel and multiple watertight bulkheads, ensuring ultimate safety.
